Awards, ASM
  Abbott-ASM Lifetime Achievement Award, 223, 420, 470, 542
  Abbott Laboratories Award in Clinical and Diagnostic Immunology, 224,420, 470
  ABMM Professional Recognition Award, 100, 420, 470, 542
  Alice C. Evans Award, 103, 420, 470, 542
  ASM/AAAS Mass Media Science and Engineering Fellows Program, 710
  ASM Distinguished Service Award, 165
  ASM Founders Award, 420, 470, 542
  ASM International Fellowship, 288
  ASM International Fellowship for Latin American Scientist, 473, 544, 603, 657
  ASM International Professorship Program, 711
  ASM/NCID postdoctoral research associates, 472, 520, 544, 603, 656
    awardees, 521
  ASM/NIGMS Minority Undergraduate Research Fellowship, 54, 519
    awardees, 520
  ASM/NIGMS Visiting Scientist Program, 55, 114, 172, 235, 299, 359, 419, 469, 541, 602, 656
  ASM Program for Unseen Microbiologists, 55
  ASM/Sustaining Member Undergraduate Research Fellowship, 54, 519, 657
    awardees, 520
  Becton Dickinson and Company Award in Clinical Microbiology, 161, 421, 471, 542
  bioMérieux Vitek Sonnenwirth Award, 223, 421, 471, 542
  Burroughs Wellcome Visiting Professorship Program, 55, 113, 711
  Carski Foundation Distinguished Teaching Award, 162, 421, 471, 543
  Chiron Corporation Biotechnology Research Award, 225, 421, 471, 543
  Congressional Science Fellowship, 112, 710
  Dade MicroScan Young Investigator Award, 100, 421, 471, 543
  Distinguished Public Leadership Award established,
  Eli Lilly and Company Research Award, 221, 421, 471, 543
  Faculty Fellowship, 55
  Foundation for Microbiology Lecturers, 603, 657
  Graduate Microbiology Teaching Award, 163, 421, 471, 543
  Hoechst Marion Roussel Award, 56, 113, 172, 516
  honorary membership, 113, 604, 658
  ICAAC Awards, 1998, 172
  ICAAC Young Investigator Awards, 56, 114, 161, 172, 515
  Infectious Disease Fellow travel grants, 409
  Mass Media Fellow, 711
  Merck Irving S. Sigal Memorial Award, 172

Minority Undergraduate Research Fellowships, 657
Morrison Rogosa Award, 289, 359, 419, 469
Northern California Branch Distinguished Service Award, 227
postdoctoral residency programs in medical and public health laboratory microbiology and immunology, 602
Procter & Gamble Award in Applied and Environmental Microbiology, 222, 422, 472, 543
programs and Web access,
Public Communications Award, 408
Raymond W. Sarber Award, 102, 422, 472, 543
Robert D. Watkins Minority Graduate Fellowship, 519
awardees, 521
Scherago-Rubin Award, 102, 422, 544
Sigal Award, 517
UNESCO-ASM Travel Awards, 55, 113, 171
recipients, 582
USFCC/J. Roger Porter Award, 422, 472, 544
Vector Laboratories Young Investigator Award, 101, 422, 472, 544
William A. Hinton Research Training Award, 164, 422, 472, 544
Awards, non-ASM
Arima Award for Applied Microbiology, 604, 658
ASTPHLD Lifetime Achievement Award, 651
AWWARF Research Projects, 236
Bergey Award, 291
Bergey Medal for Distinguished Achievement in Bacterial Taxonomy, 50, 591
Blasker Award for Environmental Science and Engineering, 237, 300, 360, 423, 474
Bristol-Myers Squibb Award for Distinguished Achievement in Infectious Disease Research, 167, 236, 300
Burroughs Wellcome Award Series in Molecular Pathogenic Mycology, 713
Burroughs Wellcome Award Series for New Initiatives in Malaria Research, 713
Burroughs Wellcome Fund Award Series in Molecular Parasitology, 713
Burroughs Wellcome Fund Career Development Awards for M.D. and M.D.- Ph.D. Scientists, 473
Burroughs Wellcome Fund Clinical Scientist Awards in Translational Research, 473
Burroughs Wellcome Fund Hitchings-Elion Fellowships, 423
Burroughs Wellcome Fund Research Travel Grants, 545, 603
Burroughs Wellcome Interfaces between Sciences grants, 56
Burroughs Wellcome New Investigator Awards in Pharmacological or Toxicological Sciences, 604
Charles A. Brickman Teaching Excellence Award, 463
Environmental Health Laboratory Sciences fellowships, 236
Ford Foundation Postdoctoral Fellowships for Minorities, 712
Fulbright Scholar Awards for U.S. Faculty and Professionals, 235
HHMI-NIH Research Scholars Program (Cloister Program), 712
ICN International Prize in Virology, 108
J. Allyn Taylor International Prize in Medicine, 235
Keith M. Keenly Microbiology Award, 354
Legion of Honor of France, 463
Maria Mitchell Women in Science Award, 114
Maxwell Finland Award for Scientific Achievement, 292
Nat L. Sternberg Thesis Prize, 236
National Research Council Associateship Programs, 712

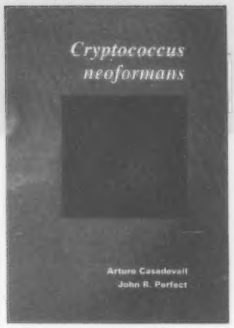
A comprehensive single source of information on *Cryptococcus neoformans*

Cryptococcus neoformans

Authors: Arturo Casadevall, *Albert Einstein College of Medicine*
John R. Perfect, *Duke University Medical Center*



The dramatic increase in the incidence of *Cryptococcus neoformans* infections calls for an up-to-date look at its biology and pathogenesis. This major new book provides a comprehensive review of the ecology, epidemiology, pathogenic mechanisms, host immunity, clinical features and diagnostic conditions, and principles of treatment and prevention of this important fungal pathogen.

The first thorough review on the subject in over 40 years, ***Cryptococcus neoformans*** goes beyond textbook chapters and journal articles to provide the most comprehensive, current information on basic science and clinical information relating to this fungus. The authors, investigators who have direct experience with the subject matter, provide objective data as well as interpretations and opinions.

C. neoformans, a model organism for the understanding of disseminated mycoses, has become a major concern facing infectious disease physicians and immunocompromised patients. Now this valuable resource provides both experienced investigators and those new to the field of medical mycology an opportunity to review the vast database of knowledge on this major worldwide pathogen.

1998. Hardcover
(ISBN 1-55581-107-8AH),
549 pages, illustrations,
color plates
List price: $89.95
ASM member price: $79.95
